Liz Poyner, Ph.D.

Senior Director,
CV Risk Factors and
Metabolic Diseases

Liz received her doctorate from London University and

brings more than 20 years of Pharmaceutical Industry experience, primarily supporting Competitor Intelligence in cardiovascular therapeutic areas. Liz has directed CVrg's metabolic research since 2009 and serves clients through her deep knowledge of the disease areas, strong business acumen, command of analytical methods, excellent communication skills, and widespread credibility in the industry.

Nina Brandt, Ph.D.

Therapy Area Manager,
Metabolic Diseases

Nina received her Ph.D. in Exercise Physiology from University of Copenhagen,

followed by postdoctoral training at UCLA specializing in metabolic disease in specific patient populations. In addition to her solid scientific and analytical skills, she brings to CVrg experience in support and advising commercial teams and with that a strong cornerstone of knowledge in the metabolic marketplace.

CVrg Market Strategies™ **report**

Type 2 Diabetes, 2018–2027 is a cutting-edge detailed market research report with unmatched scope, depth, and accuracy. This best-in-class resource provides a highly granular assessment of new product development, emerging trends, unmet needs, epidemiology, current treatment and market forecasts. KOL comments, SWOTs, clinical trial tracking, estimations of launch dates and target patient populations are included for products ≥Ph 2 along with regional coverage of USA, EU5, and Japan. Fresh new data and analytical observations gained throughout the year in T2D from CVrg Sentinel, Conference, Insights, and Advisory research are also included.

CVrg Sentinel™ **monthly updates**

CVrg continuously monitors how new scientific, clinical, regulatory and market developments are changing the commercial potential of T2D assets. This monthly delivery informs clients about what is happening in the marketplace and how it might affect their products.

CVrg Conference™ **expert coverage**

CVrg keeps abreast of cutting edge clinical data by attending cardio-metabolic congresses such as ADA and EASD. Our experts carefully analyze the new data presented and deliver incisive, presentation-style reports informing subscriber organizations about what's new, what's important, and why.

CVrg Insights™ **primary research**

CVrg experts conduct primary research with KOLs in T2D, using their critical eyes to evaluate emerging trends, pipeline products and implications for the field. Clients may review and add to our "omnibus" discussion guides and receive detailed reports and presentations focused on answering the most pressing issues they face today.

CVrg Advisory™ **answers to your ad-hoc inquiries**

CVrg is uniquely positioned to deliver quick, thorough and reliable answers to non-proprietary questions in T2D drug markets. We are immediately equipped with comprehensive data and put our best methodologies and efforts behind each inquiry so clients receive the most accurate insight possible within a given timeframe.
